

rights-of-way will be restricted in the ACEC. The Wood River and Seven Mile Creek were studied for eligibility under the National Wild and Scenic Rivers Act. Neither the Wood River nor Sevenmile Creek were found eligible or suitable for designation under any of the alternatives for inclusion in the National Wild and Scenic Rivers System. This notice meets the requirements of 43 CFR 1610.7-2 for designation of areas of critical environmental concern and the requirements of the final revised Department of the Interior—Department of Agriculture Guidelines for Eligibility, Classification, and Management of Rivers (**Federal Register** Vol. 47, No. 173, page 39454).

M. Joe Tague,

District Manager, Acting.

BILLING CODE 4310-84-P

Fish and Wildlife Service

Availability of an Environmental Assessment and Receipt of an Application To Amend the San Bruno Mountain Habitat Conservation Plan Pursuant to Section 10(a) of the Endangered Species Act

AGENCY: Fish and Wildlife, Interior.

ACTION: Notice.

SUMMARY: The County of San Mateo (County) has applied to the U.S. Fish and Wildlife Service (Service) for an amendment to the San Bruno Mountain Habitat Conservation Plan (Plan) and incidental take permit PRT 2-9818 pursuant to section 10(a)(1)(B) of the Endangered Species Act of 1973, as amended (Act). The proposed amendment, the Watson Communications System 1994 Master Plan project, would authorize the incidental take of the endangered mission blue butterfly (*Icaricia icarioides missionensis*) in an area of the Plan originally designated as conserved habitat. The proposed amendment was necessitated by revision of the 1983 development plan for the Radio Ridge. An environmental assessment (EA) is available for the project. This notice is provided pursuant to section 10(c) of the Act and National Environmental Policy Act regulations (40 CFR 1506.6).

DATES: Written comments on the EA and the application should be received on or before August 17, 1995.

ADDRESSES: Comments regarding the adequacy of the EA and the application should be addressed to: Field Supervisor, Sacramento Field Office, U.S. Fish and Wildlife Service, 2800 Cottage Way, Room E-1823,

Sacramento, California 95825-1846. All comments should reference the permit number PRT 2-9818. All comments, including names and addresses, received will become part of the administrative record and may be made available to the public.

FOR FURTHER INFORMATION CONTACT:

Michael Horton at the above address or telephone 916-979-2725. Individuals wishing a copy of the application or EA should contact the above individual.

SUPPLEMENTARY INFORMATION: Section 9 of the Act prohibits the "taking" of endangered species, like the mission blue butterfly. However, the Service, under limited circumstances, may issue permits to take endangered wildlife species incidental to, and not the purpose of, otherwise lawful activities. Regulations governing permits for endangered species may be found in 50 CFR 17.22.

In 1983, the Service issued the County of San Mateo (County), California a permit for the incidental take of mission blue butterfly on San Bruno Mountain. The County has requested an amendment to section 10(a)(1)(B) permit No. PRT 2-9818 for the San Bruno Mountain Habitat Conservation Plan (SBM HCP). The SBM HCP currently reflects a 1983 development plan for the Radio Ridge, which would allow the construction of 7 structures, 6 additional earth/satellite stations, and associated facilities, and would conserve 15 acres as conserved habitat. Watson Communications Systems, the property owner has proposed a number of construction activities that differ from the 1983 SBM HCP. This includes construction of 2 dwelling units, relocation of a tower, and construction of 2 new buildings, installation of 40 new dish antennae, and associated facilities. Aside from increasing the amount of habitat that would be lost by 1.2 acres, the new proposal reconfigures the developed areas. The applicant has proposed minimization measures and would provide additional funds to the HCP Trust Fund as mitigation. The County approved the 1994 Master Plan project and certified an Environmental Impact Report prepared for the project on December 20, 1994.

On August 23, 1994, the County applied to the Service for an amendment to the SBM HCP and permit PRT 2-9818. The proposed Radio Ridge amendment includes the above Watson Communications Systems project and would authorize the incidental take of the mission blue butterfly in an area originally designated in the SBM HCP as conserved habitat. In addition to the proposed amendment, (the proposed

action), the No Action Alternative was considered.

Dated: July 12, 1995.

Thomas Dwyer,

Deputy Regional Director, Region 1, Portland, Oregon.

National Park Service

Final Environmental Impact Statement/General Management Plan Haleakala National Park, Maui County, Hawaii; Record of Decision

SUMMARY: Pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969 (Pub. L. 91-190 as amended) and regulations promulgated by the Council on Environmental Quality (40 CFR 1505.2), the Department of the Interior, National Park Service has approved a Record of Decision on the Final Environmental Impact Statement/General Management Plan (FEIS/GMP) for Haleakala National Park.

The National Park Service will implement the selected plan, identified as the proposal in the Final Environmental Impact Statement for the General Management Plan, issued in March, 1995.

Copies of the approved Record of Decision may be obtained from the Superintendent, Haleakala National Park, Box 369, Makawao, Maui, HI 96768; or by calling the park at (808) 572-9230.

Dated: June 27, 1995.

Patricia L. Neubacher,

Field Director, Pacific West Field Area.

BILLING CODE 4310-70-P

Acadia National Park Advisory Commission; Meeting

Notice is hereby given in accordance with the Federal Advisory Committee Act (Pub. L. 92-463, 86 Stat. 770, 5 U.S.C. App. 1, Sec. 10), that the Acadia National Park Advisory Commission will hold a meeting on Monday, August 14, 1995.

The Commission was established pursuant to Pub. L. 99-420, Sec. 103. The purpose of the commission is to consult with the Secretary of the Interior, or his designee, on matters relating to the management and development of the park, including but not limited to the acquisition of lands and interests in lands (including conservation easements on islands) and

termination of rights of use and occupancy.

The meeting will convene park headquarters, Acadia National Park, Rt. 233, Bar Harbor, Maine, at 1 p.m. to consider the following agenda:

1. Review and approval of minutes from the meeting held May 15, 1995.
2. Report of the Conservation Easement Subcommittee.
3. Report of the Acquisition Subcommittee.
4. Superintendent's report.
 - A. Update on status of park operations.
 - B. Overview of resource protection program.
 - C. Executive summary of biological effects of ozone research.
5. Public comments.
6. Proposed agenda and date of next Commission meeting.

The meeting is open to the public. Interested persons may make oral/written presentations to the Commission or file written statements. Such requests should be made to the Superintendent at least seven days prior to the meeting.

Further information concerning this meeting may be obtained from the Superintendent, Acadia National Park, PO Box 177, Bar Harbor, Maine 04609, tel: (207) 288-3338.

Dated: July 12, 1995.

Robert W. McIntosh,
Acting Deputy Field Director.

BILLING CODE 4310-70-P

Notice of Inventory Completion for Native American Human Remains From the State of Maine in the Possession of the Robert S. Peabody Museum of Archaeology, Andover, MA

AGENCY: National Park Service, Interior.
ACTION: Notice.

Notice is hereby given in accordance with provisions of the Native American Graves Protection and Repatriation Act, 25 U.S.C. 3003(d), of completion of the inventory of human remains presently in the possession of the Robert S. Peabody Museum of Archaeology, Phillips Academy, Andover, MA, from one site in the State of Maine.

A detailed inventory and assessment of these human remains has been made by the Robert S. Peabody Museum of Archaeology and representatives of the Penobscot Indian Nation, the Passamaquoddy Tribe, the Houlton Band of Maliseet Indians, and the Aroostook Band of Micmac Indians, known collectively as the Wabanaki Confederacy.

The isolated human remains from a male between 25 and 30 years old were recovered in 1921 from the Ludlow's

Point Shellheap in Penobscot, ME. The Ludlow's Point Shellheap is believed to have been occupied between A.D. 900 and 1500. The individual from this site is believed to have been interred during that occupation.

The Ludlow's Point Shellheap is located within the aboriginal territory of the people known historically as the Etchemin. The Etchemin are considered ancestral to the Penobscot Indian Nation and the Passamaquoddy Tribe.

Inventory of the human remains from Ludlow's Point Shellheap, results of the consultation with the Wabanaki Confederacy, and review of the accompanying documentation indicates that no known individuals were identifiable.

Based on the available archaeological and ethnohistorical evidence, as well as the geographical and oral tradition evidence provided by the tribes of the Wabanaki Confederacy during consultation, officials of the Robert S. Peabody Museum have determined that pursuant to 25 U.S.C. 3001(2), there is a relationship of shared group identity which can be reasonably traced between these human remains from the Ludlow's Point Shellheap and the Penobscot Indian Nation and the Passamaquoddy Tribe.

This notice has been sent to officials of the Wabanaki Confederacy (the Penobscot Indian Nation, the Passamaquoddy Tribe, the Houlton Band of Maliseet Indians, and the Aroostook Band of Micmac Indians). Representatives of any other Indian tribe which believes itself to be culturally affiliated with these human remains should contact James W. Bradley, Director of the Robert S. Peabody Museum of Archaeology, Phillips Academy, Andover, MA 01810; telephone: (508) 749-4490, before August 17, 1995. Repatriation of these human remains to the Penobscot Indian Nation and the Passamaquoddy Tribe may begin after that date if no additional claimants come forward.

Dated: July 10, 1995.

Francis P. McManamon,
Departmental Consulting Archeologist, Chief, Archeological Assistance Division.
